OBJECTIVE

My goal with this internship opportunity is to gain practical experience in the field, improve my skills, and actively contribute to the team, adding value to the company while developing my competencies. I am looking for an environment where I can learn, face real challenges, and grow professionally.

SUMMARY

I am a 5th-semester Computer Science student with a strong interest in software development. I am always seeking to learn new technologies and tools that optimize processes and create efficient solutions. Currently, I am deepening my knowledge through courses and certifications. I also work on personal projects to put into practice what I have learned. I have knowledge of Python using the Django and Flask frameworks, HTML, CSS, JavaScript with the React.js framework.
